

I knew Academic Solutions would help improve my SAT/ACT scores, after having my individual meeting regarding my diagnostic test. Mr. Hoyer and his staff helped me learn how use my analytical way of thinking to my advantage when approaching the reading and writing sections. With their guidance, I improved my SAT from 1780 to 2100 and ACT from 28 to 34. I have applied to Georgia Tech, the University of Southern California, and UC Berkeley with confidence thanks to Academic Solutions.
